

## **ATTENTION PURCHASING DEPT.**

October 3, 2011

Dear Valued Customer,

Relay and Control Corp. will start switching over to our own line of Definite Purpose Contactors.

After searching for a replacement line that meets all our Quality standards and Certifications, as well as delivery concerns, we have finally found a company whose products we want to put our name on!

Over the next few months, R & C will be phasing out the "ACC" series and replacing them with our own "DPC" series. (All but the 120 amp units)

This change will also give us more flexibility when we need to "MEET or BEAT" competitive situations.

Please scroll down so you can better familiarize yourself with the new part numbers.

Any questions regarding this change, please call us at 800-327-6445.

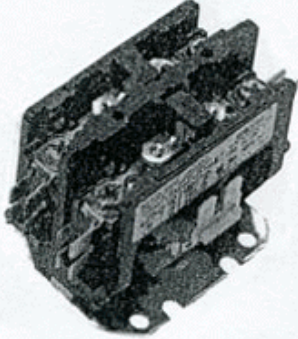

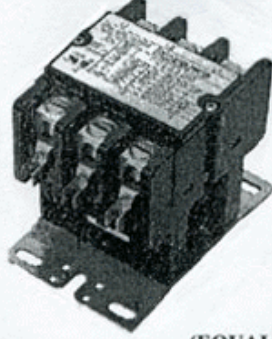

I thank you in advance for understanding our situation and for your continued support of Relay and Control Corp.

Sincerely,

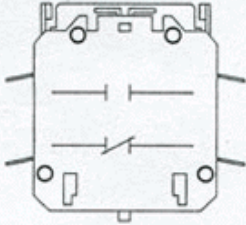

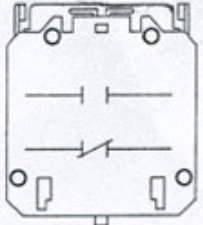

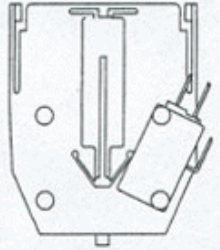

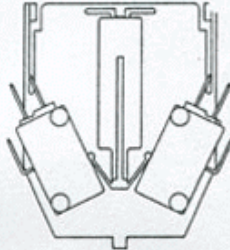

Lou Kaplan  
Pres./Sale Mgr.
